Alba,

Yes. I will pick you up between 6:45 AM to 7 AM tomorrow. Did you check FLIR equipment last week? As you may have seen the message from WDNR about FLIR questions, we should be ready to explain the cost and how to using FLIR during inspections. At least we can record as a compliance assistance standpoint.

Manoj,
I just texted you my cellphone number. Let me know if we need to have a call for tomorrow. Are you still planing to pick me up at my home address at 7 am?
I am going to check the FLIR camera again tomorrow while we drive as they seem to have a lot of questions about that...
☺

Wisconsin would like to have an inspector join EPA on one of these and learn what the FLIR camera can do, how it works, how much they cost, etc. We would then discuss whether the program should purchase one (or several).

Any concerns with this? I am confirming which inspector and will have the person contact Manoj directly to coordinate logistics.

Maria, Randy, and Barb,

Please see below for upcoming inspections we have planned. We plan to bring a FLIR camera to look for VOC/HAP emissions not being routed to control devices. Please contact Manoj directly if anyone would like to join.

Please let me know if you have any questions or concerns.

Hi Sarah,

Alba and I would like to investigate three Ethanol Plants in Wisconsin starting Tuesday, February 26th. Please forward this e-mail to Wisconsin DNR personnel in case WDNR would like to join EPA-led CAA Investigation.

February 26, 2019 CAA Inspection

Fox River valley Ethanol

4995 SR 91

Oshkosh, WI 54504

February 27, 2019 CAA Inspection

Fox River Valley Ethanol

6574 SR 44

Pickett, WI 54564

February 28, 2019 CAA Inspection

United Ethanol, LLC

1250 Chicago Street

Milton, WI 53503

Please let me know if WDNR would like to join this investigation so we can coordinate timing for each inspection.
